To whom it may concern:

It is my joy and honor to give my 100% recommendation of Adam and Ayla Cottrell to be missionaries to the country of Thailand! I have known Adam for many years and he has been faithful to serve the Lord throughout his life. Adam had the opportunity to help our Church in the early years of our Church plant and was a great blessing to the ministries wherever he served. He always faithfully did whatever was asked of him whether that was preaching, teaching, cleaning toilets, cleaning up trash, VBS, bus ministry, etc.. I have always appreciated Adam's passion for souls, and he has kept that focus throughout his ministry. I have observed Adam to be a great leader to others as well as his personality naturally draws people toward him. He has shown a love for God's Word as a student of the book and does a great job teaching and preaching. I believe this is a great couple who we are blessed to be able to support on the field and I highly recommend them for support as missionaries to the country of Thailand.
